CONSTRUCT ANOTHER ORDNANCE FACTORY

WHILE NEGOTIATIONS FOR BUILDING OF A BIG PLANT FOR MAKING HOWITZERS

Assured, But Government Is Not Ready To Give Out Details of Project.

Western Newspaper Union News Service.

Washington.—While negotiations for the construction of another great ordnance factory for the Government are in progress, published reports that a deal for the building of such a plant by the Midvale Steel Co. had been concluded, were said at the War Department to be untrue. The project is still under discussion, but has not yet reached a point where an announcement can be made. The plant contemplated would be designed primarily, it is understood, for the construction of heavy howitzers, the short-barreled guns now used in field operations and for coast defenses. The new plant would be supplementary to the Neville Island ordnance factory, to be built by the United States Steel Co., where long-range, long-barreled heavy cannon are to be the principal output. Details as to the cost of the howitzer factory are not available, nor has any intimation been given as to the site selected for its location. Since it is to be a permanent part of the national defense system, however, it will not be placed within 200 miles of the Atlantic coast. That distance has been fixed by the general staff as the minimum requirement to protect the plant from possible enemy operations off the coast.

Mining Company Officials Arrested.

Tucson, Ariz.—Twenty-one of the leading mining company officials, employees and business men of the Warren district were arrested at Bisbee on indictments returned by the Federal Grand Jury, which completed an investigation of the deportation last July of nearly 1,200 alleged members of the Industrial Workers of the World. Federal Judge William H. Sawtelle, in Tucson, said an inspection of the indictments would not be permitted until notification had been received that all the men indicted had been taken into custody. Judge Sawtelle in his charge to the jury last week instructed that not only should the charge of conspiracy to deprive citizens of their rights, but that the question of the obstruction of the draft in deporting a large number of registered men be considered. The warrants, it was learned later, charge "conspiracy to deprive a citizen of the United States of his rights, in violation of Section 19, Penal Code."

Steps Taken to Rehabilitate Rivers.

St. Louis, Mo.—A resolution calling on the Government to immediately take steps to rehabilitate the river traffic on the Mississippi was adopted at the concluding session of the Mississippi Valley Waterways Convention. The resolution expresses the opinion that a fleet of eight towboats and 48 barges should be provided as the initial step by the Government and that the Director-General of Railroads should establish through rail and water rates with the purpose of providing a minimum rail and maximum water haul. Criticism of Director McAdoo was contained in the annual report of President James E. Smith, who declared that railroad men are being permitted to stifle water competition.

Concrete Ship Does Well in Trial.

San Francisco.—The 7,500-ton concrete steamer Faith, the first of its kind and tonnage constructed in this country, underwent a successful trial trip at sea off San Francisco. A wire message sent from the steamer by W. Leslie Comyn, President of the San Francisco Shipbuilding Co., said: "The Faith is proving herself the equal, if not the superior, of any steel ship of similar size and equal power." The Faith will begin immediately loading a cargo of salt for a North Pacific coast port and will return with coal.

Three Planes Bagged.

With the American Army in France—American fighting planes flying over the Toul sector brought down three German planes in a series of air fights in sunny skies. While the band was playing, a French general read official citations and awards of the croix de guerre (French war cross), with the palm for two missing aviators, Captain James Norman Hall and Lieutenant Charles Chamman.

Salary Increases For Postal Employees.

Washington.—Without a protesting murmur the Senate passed the amendment to the postoffice bill raising salaries in the Postoffice Department. It was done so quietly that it was all over in a moment.

Army Supply Posts to Be Established.

Washington.—Decentralization of army supply purchasing and distribution through the establishment of 17 zones with depots in each, was announced by Acting Quartermaster General Goethals. Each of the 13 general supply posts will be charged with the duty of keeping in touch with the manufacturing facilities of its zone and so far as possible all food, clothing and equipment for the training camps will be bought within the zone in which a camp is located.

TENNESSEE HAPPENINGS

Interesting News Gathered From Various Places in the Volunteer State

Memphis.—The public schools of Memphis will close June 28, instead of July 5.

Uniga City.—The Red Cross of this county is making arrangements to put on a big campaign on May 20 to 27.

Paris.—Hon. J. J. B. Johnsonius has been named to supervise the Red Cross campaign, which begins on May 20.

Milan.—The city authorities of Milan have issued a proclamation that persons, white or colored, must get employment and get to work.

Jackson.—A conference of sheep growers was held in Jackson for the purpose of encouraging the growing of sheep in West Tennessee.

Memphis.—Penn chapter, Royal Arch Masons, dedicated a service flag with 12 stars at the Masonic temple with appropriate ceremonies.

Trezevant.—Dr. Rufus W. Weaver, Nashville preached the commencement sermon for the graduating class of the Trezevant high school at the Baptist church.

Newbern.—The cotton crop which was planted in this county has begun to come up and a good stand is reported throughout the farming districts in Dyer county.

Knoxville.—By unanimous vote the Knoxville board of education went on record for the elimination of the German language from the course of study in the city schools.

Huntingdon.—At a recent meeting of the Republican executive committee R. A. Greene, the editor of the Republican, was elected secretary to succeed J. W. Jarrett, resigned.

Hartsville.—The merchants' carnival given for the benefit of the Red Cross was one of the greatest events ever held in Trousdale county. The total sum realized was \$1,834.50.

Knoxville.—Over 2,000 patriotic tillers of the soil attended the general session of the forty-fifth annual East Tennessee farmers' convention at O. P. temple hall, University of Tennessee experiment station.

Knoxville.—Poultry production of the state during the past year has increased 20 per cent over that of last year, according to Prof. R. N. Crane, poultry expert, division of extension, University of Tennessee.

Chattanooga.—Neal L. Thompson, assistant state attorney-general and a prominent member of the local bar, has gone to Washington to take up his duties as assistant to the assistant United States attorney-general.

Selmer.—The annual footwashing occasion was observed by the Gravel-hill Primitive Baptist church in an all-day service nine miles southeast of Selmer. Rev. J. T. Phillips of Martin, Tenn., preached the annual sermon.

Ripley.—The closing exercises of the Ripley public school was held at the school building, a large crowd being present. The class address was delivered by Rev. R. I. Long, and following this a most interesting program was given.

Lexington.—An intensely patriotic service was held at Rock Hill Baptist church, five miles east of town, the occasion being the unveiling of a service flag in honor of seven young men from that church who are in the United States army.

Knoxville.—Senator Robert Love Taylor has been dead more than six years, and while no granite marker is necessary to keep his name and memory fresh with citizens of the Volunteer state, an appropriate and imposing spire has just been erected by his widow at the head of the little mound at Old Gray cemetery, Knoxville, which contains all that is mortal of Tennessee's apostle of sunshine.

Greeneville, S. C.—Declaring he is anxious to see active service and fearing the 114th field artillery might not go overseas for some time, First Lieut. David J. Britan of Maryville has resigned his commission with the regiment at Camp Sevier and volunteered in the naval coast defense reserve at Nashville.—Lieut. Britan represented Blount county in the lower house of the 1915 general assembly of Tennessee.

Memphis.—The boys of the Messick high school at Buntyn have organized a club for patriotic service under the direction of M. D. Brock, county agent. All of the boys in the club are gardeners and farmers on a small scale. If any one of the residents of Buntyn desires a garden planted all that he has to do is to notify the boys' club and they will do the rest.

Union City.—William M. Hendricks of Elbridge, this county, received a telegram that his son, Daniel, who was in camp at Ellis Island, N. Y., is dead.

County Court Land Sale
H. W. Mynatt vs. Elmore Mynatt,
No. 5038.

Pursuant to a decree pronounced in the above cause at the April term, 1918, of the County Court of Knox County, Tenn., I will offer for sale to the highest bidder in front of the north door of the court house in Knoxville, Tenn., on Saturday the 25th day of May, 1918, at 11 o'clock A. M., the lands described in the pleadings, to-wit: Situated in the 7th Dist. of Knox County, Tenn., being as follows:

1st. Tract. Adjoining the land of Thos. Buckley et al. and bounded as follows: Beginning on a stake, chestnut and hickory pointer; thence North 45 degrees; West 42½ poles to a post oak; thence South 50 degrees; West 21½ poles to a gum, Crippen's corner; thence South 20 degrees; East 28 poles to a post oak; thence South 48 degrees; West 67½ poles to a rock set in the ground; thence 24 degrees; East 18 poles to a double pine and small black oak; thence North 48 degrees; East 103 poles and 7 links to the beginning, containing 16½ acres and 10 poles.

2nd. Tract. Adjoining the lands of John Gottshaw, Jemins Hall et als, bounded and described as follows: Beginning on a black gum in Jos. A. Mynatt's line; thence Northeast with said line 24 poles to a stake in Andrew C. Hall's line; thence northwest with said line 117 poles to a post oak, A. C. Hall's corner; thence with A. C. Hall's line Southwest 28½ poles to a stake in said line; thence Southwest 123 poles to the beginning, containing 17 acres, more or less.

Terms: Said property will be sold for 1-3 cash and the balance on a credit of 6 and 12 months, to the highest and best bidder, taking interest bearing notes with good security and retaining a lien on land as further security.

Jesse L. Henson, County Court Clerk.

SHOE PRICES CUT
IN TWO COUNTRIES

ENGLAND AND ITALY BENEFIT
BY STANDARDIZATION AND
CONTROL OF PROFITS.

GOODS ARE ALL OF LEATHER

Agricultural Department Estimates
Show Range of War Emergency
Work—Vast Amount of Food Sent
by America to Allies.

(From the Committee on Public Information.)

Washington.—There has already been a drop in the prices charged by retailers for footwear in England in view of the government's action in placing on the market standardized shoes made at controlled rates of profit, according to a report to the United States department of commerce.

At a recent exhibition of "wartime" boots 39 samples were shown, ranging from heavy boots for carters and laborers to shoes for ordinary street use, and children's shoes. Prices range from \$2.00 to \$6.38 a pair. The shoes are made entirely of leather and the retailer's price is stamped on the sole.

Italian shoe factories are manufacturing standardized shoes, using leather furnished by the government, which controls the system of sales to the public.

In England the manufacture of standard cloth for men's suits has made rapid progress, 24 patterns being included in the first goods shown. As now planned, provision is made for 750,000 to 1,000,000 suits ready for delivery from June to August. The project may later include production of certain classes of cloth for woman's wear.

Of the total of nearly \$20,000,000 asked for war emergency activities by the department of agriculture it is proposed to use \$8,000,000 for the purchase and sale of seed to farmers for cash at cost; \$8,100,000 for the development of the co-operative agricultural extension work in co-operation with the state agricultural colleges; \$1,200,000 for combating animal diseases, stimulating the production of live stock, and encouraging the conservation and utilization of meat, poultry, dairy and other animal products; \$911,300 for the prevention, control, and eradication of insects and plant diseases, and the conservation and utilization of plant products; \$2,988,958 for extending and enlarging the market news service of the bureau of markets, preventing waste of food in storage, in transit or held for sale, giving advice concerning the market movement or distribution of perishable products, making inspections and certifications regarding the condition of perishable agricultural products, and gathering information in connection with the demand for and the production, supply, distribution and utilization of food; and \$1,080,980 for dealing with the farm-labor problem, enlarging the informational work of the department, printing and distributing emergency leaflets, posters and other publications, and extending the work of the bureau of chemistry, the bureau of entomology, and the bureau of biological survey.

Named Shoes Are Frequently Made in Non-Union Factories
DO NOT BUY ANY SHOE
no matter what its name, unless it bears a plain and readable impression of this Union Stamp. All shoes without the Union Stamp are always Non-Union.
